## Important Notes:

- These vehicles **CANNOT** be taken out of the continental United States.
- Boat and Camper **pickup** and **drop-off** hours are **9:00-11:30 & 1:00-4:00 PM**
- Camper and boat features vary and may be **unavailable** due to mechanical problems at the time of pickup, call for details
- Boats with no weight listed are less than 800lbs.
- Either a NASBLA approved watercraft test for Arizona or the Luke AFB Water Craft Safety certification (open book written test) is required prior to picking up any watercraft. This certification is required for all operators.
- Damage to any boat or camper will be assessed upon return by our certified mechanic. We reserve the right to assess damage and/or loss fees up to **3** business days after return of property.
- All items must be returned **clean and in the same condition as issued**. It is the customers' responsibility to identify damage and/or limitations at the time of issue. **Fuel is full and must be returned full on all equipment**

## ACCESSORIES INFORMATION:

- FURNACE / HEATER: Requires power and propane to operate.
- COOKSTOVE: Operates on Propane ONLY.
- LIGHTS: Will operate on 115 VAC
- AIR CONDITIONING UNIT: Will operate on 115 VAC **ONLY**. DO NOT USE an Extension Cord!!
- Outdoor Recreation Rental **DOES NOT** furnish propane for any of the rental units. Propane levels in the tanks are the responsibility of the customer.

The Towing Vehicle (Your Vehicle) must have at least a Class II permanent hitch with a 2" ball. The Ball height is measured from the top of the 2" Ball to ground level (see picture and chart above). **Height must be between 18" and 22" from the ground**

**Prices and features are subject to change without notice. Reservations do not guarantee availability of features or prices.**
